# TRAVEL REQUIREMENTS AT A GLANCE FOR CRUISE PASSENGERS

## DISEMBARKMENT REQUIREMENTS

**Master of vessel must provide a statement confirming all disembarking crew and passengers are fully vaccinated.**

No additional testing beyond the vessel's own testing requirements are required specifically for arrival at Gibraltar.

---

*Statement must include confirmation of no cases on board. In case of active cases on board, a decision on what requirements are required will be made on a case by case basis.*

## COVID KEY FACTS

- The population of Gibraltar has been fully vaccinated, making us one of the safest destinations in Europe to travel to at present.
- Rapid tests are available on request at Gibraltar International Airport.
- There are limited mask requirements.

# WE'VE MISSED YOU

Gibraltar's safety has always been an important attraction for our visitors. Now more than ever it is important that you feel secure with us, when you decide to return to visit this magnificent destination. Here are the current measures that have been implemented and will be taken, to make you feel safe when you visit.

Gibraltar's appeal as a travel destination continues to grow, drawing an international audience from all corners of the globe. Arriving by land, sea and air, visitors are drawn to a unique location that sits at the crossroads of Europe and Africa.

The Rock's activities are as diverse as they are plentiful, ranging from dolphin watching to exploring historical trails.

Gibraltar's temperate climate makes it an attractive all year round choice, which is enhanced by local events and customs that offer a flavour of the Gibraltarian warmth. We look forward to welcoming you to our corner of the Mediterranean.

# CRUISE TERMINAL PROTOCOLS
